

Instructions: How to get WIFI at NMS, P30 (only teachers and students in Upper Secondary; year 11, 12 and 13):

1. **Read and sign the [Acceptable Use Policy](#)** (School Website, under IT) and leave this form in Joseph Thurai's tray in the office.
2. Once Joseph has entered your MAC address in the server (usually within 5 days), **set your proxy settings (WHILE YOU ARE IN THE SCHOOL)**, following the instructions below (either for Android or iPhone):

Proxy setting for Android 4.3, 4.4:

1. Connect to WIFI network (e.g. 'nms-30') (PC Username and Password)
2. Settings → WIFI
3. Long tap on connected network's name (e.g. on 'nms-30')
4. Modify network config -> Show advanced options
5. Set proxy settings:
6. proxy (Server) is "proxy"
7. Port is "8080"
